BOLD TYPEFACE means an article is available full text online through our website: www.cpsbc.ca/library

(Some full text articles require a password to the College’s website. Phone or email the Library for details on how to activate your password if you are having problems.)

Cites & Bytes is produced each month to help our users keep up to date with new developments in medicine. Articles are selected from authoritative, peer-reviewed journals on topics of current interest. Though selection is based on source and currency, special consideration is given to articles in the news, those of regional or local interest, and those appropriate to the season. Please note that the articles included in each issue are for your information and are not to be considered College policy. To receive each monthly issue, let us know your preference for surface mail or e-mail.
