Cites & Bytes is produced each month to help our users keep up to date with new developments in medicine. Articles are selected from authoritative, peer-reviewed journals on topics of current interest. Though selection is based on source and currency, special consideration is given to articles in the news, those of regional or local interest, and those appropriate to the season. Please note that the articles included in each issue are for your information and are not to be considered College policy. To receive each monthly issue, let us know your preference for surface mail or e-mail.

YOUR CONTACT INFORMATION:

If you would like any of the above, just CIRCLE the relevant citation(s) and return the newsletter to us.

Remember, 100 articles per year are free. To receive monthly issues regularly, let us know.
