Changes to Audio-Digest Lectures

Audio-Digest lectures will no longer be available in CD format – instead, they can be downloaded through the College library website.

To access the lectures, first login to the College website, then click on the Audiovisual link in the centre of the library page. On the far left, you will see a link to Audio-Digest Clinical Lectures. After clicking on the link, you will see instructions on how to login to Audio-Digest and download the mp3 files.

Please see the back page for more details.

*Please note that it will no longer be possible to request these lectures to borrow. Instead, use the instructions to access the lectures online. See the front of this month's *Cites & Bytes* for instructions.

Next month, we will resume highlighting specific topics of interest within each specialty.

Cites & Bytes is produced each month to help our users keep up to date with new developments in medicine. Articles are selected from authoritative, peer-reviewed journals on topics of current interest. Though selection is based on source and currency, special consideration is given to articles in the news, those of regional or local interest, and those appropriate to the season. Please note that the articles included in each issue are for your information and are not to be considered College policy.
