Request for Authorization (UBC Program Director) Under Section 6-46(3) of CPSBC Bylaws

A postgraduate resident may be authorized to provide services, under supervision, for patients receiving a service within a health authority in a clinical academic centre affiliated with the faculty of medicine, University of British Columbia, in accordance with section 6-46(3) of CPSBC Bylaws.

Candidates who fulfill the criteria set out in section 6-46(3) of the Bylaws will be authorized to provide such services and will be registered in the educational – postgraduate (resident) class. **An authorization granted under section 6-46(3) of the Bylaws is valid only while the candidate remains enrolled in a Royal College of Physicians and Surgeons of Canada (RCPSC) postgraduate training program at the University of British Columbia and until June 30 of each year.**

In order to obtain authorization under section 6-46(3) of the Bylaws, the postgraduate resident must satisfy the following criteria:

- Enrolment in postgraduate training program in the faculty of medicine that will lead to certification with the RCPSC.
- Completion of at least 24 months of related postgraduate training.
- The candidate must have obtained the Licentiate of the Medical Council of Canada certificate (LMCC).
- The candidate must carry professional liability coverage
  - through the appropriate category of membership in the Canadian Medical Protective Association, or
  - a policy of professional liability insurance issued by a company licensed to carry on business in British Columbia that provides coverage of at least $10 million, or
  - provided through the Health Care Protection Program (by the Risk Management Branch of the Ministry of Finance).
- There must be clear relevance between the medical services to be provided by the resident and the discipline within which the resident is engaged in training.
- The services must be provided under supervision.
