Your Mobile Library from the College

BC Guidelines

Clinical practice guidelines and protocols that provide recommendations to BC practitioners on delivering high quality, appropriate care to patients with specific clinical conditions or diseases.

NEW – The app is free and now available for both Android (Google Play store) and iOS (iTunes), and may be downloaded for free from either store. Your College login is not needed.

DynaMed Plus™ DynaMed Mobile

Clinical reference tool for use at the point of care, with clinically-organized summaries for over 3,200 topics.

Step 1 – on your desktop / laptop

- Go to the Point of Care page: <http://www.cpsbc.ca/library/search-materials/point-of-care-drug-tools>
- Select DynaMed Plus (College login required)
- Create an account by clicking the Sign In/Create Account link at the top of the screen
- Once you have created your password, log in using your account
- Click on the Get the DynaMed Plus Mobile App link under the Spotlight section
- Enter your email address and click Send

Step 2 – on your mobile device

- Download DynaMed Plus from the App Store (iOS 10 or higher required) or Google Play
- Open the email from your mobile device and tap the authentication link
- The DynaMed Plus app opens on your device. Select from one of the three download options available
- If you encounter problems, contact the library

Please note: You will need to re-enter your DynaMed Plus login every six months. When your authentication expires, you will be asked to re-enter your login information in the app which will renew your login for another six months.

Read by QxMD

Discover new research, read topic reviews and search PubMed for articles.

Setting institutional access

- Download Read by QxMD from the App Store or Google Play
- Create a personal account
- In Content Settings, choose Institutional Settings, and College of Physicians and Surgeons of British Columbia
- Choose Manual Login when prompted
- Downloads of College-subscribed articles will prompt a College login request (once per session)

BMJ Best Practice

Evidence-based summaries of clinical topics.

Step 1 – on your desktop / laptop

- Go to the Point of Care page: <http://www.cpsbc.ca/library/search-materials/point-of-care-drug-tools>
- Select Best Practice (College login required)
- On the Best Practice home page, register for a free personal account OR log in if you have previously registered (you will need these personal account details to log in)

Step 2 – on your mobile device

- Download BMJ Best Practice from the App Store or Google Play
- Log in to the app using your Best Practice username and password
- If you encounter problems, contact the library

ClinicalKey

Articles, textbooks, guidelines, patient education and multimedia.

Step 1 – on your desktop or mobile browser

- If you have an account with ClinicalKey, skip to step two
- Go to the Point of Care page: <http://www.cpsbc.ca/library/search-materials/point-of-care-drug-tools>
- Select ClinicalKey (College login required)
- Choose Register at the top right of the ClinicalKey page
- Complete the form

Step 2 – on your mobile device

- Download ClinicalKey from the App Store or Google Play
- Proceed through set-up
- After the language/country prompts, log in with your new credentials
- Ignore the OpenAthens login and Institution login step
- You should now see the ClinicalKey search screen

AccessMedicine

Includes four titles: Quick Medical Dx & Rx, Fitzpatrick's Color Atlas of Clinical Dermatology, Diagnosaurus, and Pocket Guide to Diagnostic Tests.

Step 1 – on your desktop or mobile browser

- Go to the Point of Care page: <http://www.cpsbc.ca/library/search-materials/point-of-care-drug-tools>
- Choose AccessMedicine (College login required)
- Select the College of Physicians & Surgeons of BC button in the upper right
- Click Sign In or Create a Free MyAccess Profile
- Fill in the form and create your account

Step 2 – on your mobile device

- Download AccessMedicine from the App Store or Google Play
- Open AccessMedicine and select Sign In
- Enter the username and password created in step one

Please note: To keep your MyAccess account active, you must sign in every 90 days. If your account expires, you will see instructions on how to reactivate when you next access the app.
