

College of Physicians and
Surgeons of British Columbia

Serving the public by regulating physicians and surgeons

[BC Health Regulators \[1\]](#)

The College of Physicians and Surgeons of BC is pleased to be part of the BC Health Regulators representing 26 regulated health professions governed by 23 colleges, and more than 100,000 health-care professionals. It is an incorporated, not-for-profit society with a purpose to promote effective communication and collaboration between members on matters relating to regulation, administration and education.

BC Public Advisory Network

The College of Physicians and Surgeons of BC is a proud partner of the BC Public Advisory Network (BC-PAN). The BC-PAN was established as a joint initiative between a number of BC health regulators to encourage more comprehensive and meaningful public engagement on important issues related to health-care regulation.

The public members involved in the BC-PAN are asked to provide their feedback on a variety of topics to help guide practice standards and professional guidelines, strategic priorities, and communications directed at the public.

To learn more about the BC-PAN, including how you can apply, click [here](#) [2].
