## [Assessment Tool \[1\]](#)

### For Steam Sterilization

The physician office medical device reprocessing assessment tool is specifically for physician offices who reprocess semi-critical and/or critical medical devices using a steam sterilizer and based on the requirements and recommendations of the BC Ministry of Health [Best Practices for Cleaning, Disinfection and Sterilization for Critical and Semi-Critical Medical Devices \(2011\)](#) [2] document regarding practices around steam sterilization (autoclave).
