Surgeons of British Columbia
Serving the public by regulating physicians and surgeons

April 10, 2019 | Posted in: [Announcements](#) [1]

Consultation on Charging Fees to Patients practice standard now open

The College is inviting feedback from the public to help shape the *Charging Fees to Patients* practice standard. This standard outlines circumstances when it is appropriate for a physician to charge a fee to their patient, such as a fee for an uninsured service (i.e. not covered by MSP), or for a missed appointment. The College wants to hear about your experiences and/or any concerns you may have with this area of practice.

You can view the draft *Charging Fees to Patients* practice standard [here](#) [2], however it is not required that you read it before completing this survey.

Members of the public can participate in the survey by visiting the [Consultation](#) [3] page.

This consultation will close on April 30, 2019 at 4:00 p.m.
