Serving the public by regulating physicians and surgeons

[Non-Hospital Medical and Surgical Facilities Accreditation Program \[1\]](#)

Acting in the public interest, the Non-Hospital Medical and Surgical Facilities Accreditation Program (NHMSFAP) requires private facilities to maintain standards of practice. The program establishes accreditation and performance standards, procedures and guidelines to ensure the delivery of high-quality health services.

The NHMSFAP attests to the public that:

- The 700 physicians who work in private facilities across the province are granted privileges on an annual basis.
- All facilities, regardless of the scope of services they provide, undergo a comprehensive review prior to being awarded a term of accreditation.

A list of accredited facilities is available [here](#) [2].
