

College of Physicians and Surgeons of British Columbia

Serving the public by regulating physicians and surgeons

Physician Directory

The physician directory allows individuals to verify whether a physician is currently registered and licensed with the College of Physicians and Surgeons of British Columbia, and provides information on a physician's credentials and scope of practice. The data contained in the physician directory is dynamic, pushed in real time from the College register.

MSP numbers of newly registered physicians are currently unavailable, please contact MSP directly for verification.
