

## College of Physicians and Surgeons of British Columbia

Serving the public by regulating physicians and surgeons

---

### Physician Directory

The physician directory allows individuals to verify whether a physician is currently registered and licensed with the College of Physicians and Surgeons of British Columbia, and provides information on a physician's credentials and scope of practice. The data contained in the physician directory is dynamic, pushed in real time from the College register.

**MSP numbers of newly registered physicians are currently unavailable, please contact MSP directly for verification.**
